

An Australian Government Initiative

Regulation Reduction Incentive Fund - Grantees

No.	Grantee	Project Title	Councils	Non Councils	Parties to Application (Lead Applicant in Bold)	State	Grant
Australian Capital Territory							
1	ACT Planning and Land Authority	Electronic Development and Building System	2		ACT Planning and Land Authority	ACT	\$2,409,000
					ACT Registrar-Generals Office	ACT	
<p>Project Description: An electronic Development and Building System that will generate significant regulatory compliance reductions to small businesses in the land development and building sector that operate in the greater ACT region. These processes cover a number of activities including: development applications; energy efficiency ratings; Certificate of Occupancy; Certificate of Electrical Safety and Building Industry Licensing. The project aims to remove a large range of regulatory compliance barriers that have been identified by the business sector as inhibitors to their growth.</p>							
Total ACT Funding							\$2,409,000
New South Wales							
2	Blacktown City Council	One stop, online support for small and home-based automotive and metal manufacturers	1		Blacktown City Council	NSW	\$120,000
<p>Project Description: Development of an online system to provide small and home-based businesses with information on Council regulations. The system will generate a series of questions, the answers to which will determine the regulations a business must comply with. This will provide businesses with a checklist that will make it easier to comply with Council regulations and reduce the costs associated with compliance.</p>							
3	Coolamon Shire Council	Start your business here	13	2	Coolamon Shire Council	NSW	\$200,000
					Urana Shire Council	NSW	
					Tumut Shire Council	NSW	
					Temora Shire Council	NSW	
					Tumbarumba Shire Council	NSW	
					Lockhart Shire Council	NSW

	Coolamon Shire Council cont.				Cootamundra Shire Council	NSW	
					Bland Shire Council	NSW	
					Wagga Wagga City Council	NSW	
					Riverina Eastern Regional Organisation of Councils	NSW	
					Riverina BEC	NSW	
	Project Description: The project will deliver "Start Your Business Here" which is an online, self guided computer program to allow start-up businesses to determine what regulations and planning controls they must comply with in each of the local government areas that make up the Riverina Eastern Regional Organisation of Councils. In developing the program, participating Council's will audit and review the regulations they have in place, with a view to amending and/or standardising regulations across the eastern Riverina region.						
4	Rockdale City Council	The Red Tape Blueprints: The program has two, interlinked streams: Local e-Planning Blueprint - <i>Building DA capacity</i> ; and Local e-Gov Blueprint - <i>My small business</i> .	37		Rockdale City Council	NSW	\$6,195,367
					Albury City Council	NSW	
					Ashfield Municipal Council	NSW	
					Baulkham Hills Shire Council	NSW	
					Bellingen Shire Council	NSW	
					Blacktown City Council	NSW	
					Bland Shire Council	NSW	
					Canterbury City Council	NSW	
					Coolamon Shire Council	NSW	
					Cootamundra Shire Council	NSW

					Greater Hume Shire Council	NSW	
					Greater Taree City Council	NSW	
					Griffith City Council	NSW	
					Hunters Hill Council	NSW	
					Hurstville City Council	NSW	
					Junee Shire Council	NSW	
					Kogarah Municipal Council	NSW	
					Lane Cove Municipal Council	NSW	

No.	Grantee	Project Title	Councils	Non Councils	Parties to Application (Lead Applicant in Bold)	State	Grant
	Rockdale City Council cont.				Leichhardt Municipal Council	NSW	
					Liverpool City Council	NSW	
					Nambucca Shire Council	NSW	
					Narrandera Shire Council	NSW	
					North Sydney Council	NSW	
					Port Stephens Council	NSW	
					Richmond Valley Council	NSW	
					City of Ryde	NSW	
					Shoalhaven City Council	NSW	
					Singleton Council	NSW	
					Temora Shire Council	NSW	
					Tumut Shire Council	NSW	
					Tweed Shire Council	NSW	
					Upper Lachlan Shire Council	NSW	
					Wagga Wagga City Council	NSW	
					Woollahra Municipal Council	NSW	
	Project Description: The Red Tape Blueprints project, led by the Rockdale City Council, is designed to streamline local planning and regulation compliance for small business. There are two core activities in the project: development of a central online entry point; and enhancement of electronic planning capabilities. There are 14 urban councils and 23 regional councils participating in the project. The results of the project include more efficient and timely Council assessment processes and user-friendly information available 24 hours a day.						
5	Shellharbour City Council	Online Business Portal	2	1	Shellharbour City Council	NSW	\$178,000
					Strathfield Municipal Council	NSW	
					Internetrix	NSW	
	Project Description: The project aims to reduce the time small and home-based businesses spend interacting with Council. It is an extension of an existing online Development Application (DA) lodgement and tracking system to include 11 other business certificates and requests; enhancement of the DA process; online self-auditing of waste management; and online fire safety scheduling. The project also includes a proposal to offer discounted fees for online applications.						
6	Hurstville City Council	Small and home-based multicultural business assist one stop, online shop.	1		Hurstville City Council	NSW	\$110,000
	Project Description: To create a one stop shop, online kiosk that will coordinate regulation reform and support to small and home-based businesses. This will include a two stage process: Stage One – reduction of red tape to minimise compliance for current and future businesses; Stage Two – support to business to achieve excellence through better management of regulatory reforms over which Council has influence.						

No.	Grantee	Project Title	Councils	Non Councils	Parties to Application (Lead Applicant in Bold)	State	Grant
7	Dungog Shire Council	Quick answers for (small) business development	1		Dungog Shire Council	NSW	\$20,000
<p>Project Description: This project involves the development of a 'Quick Answers for (Small) Business Development Guide' to assist people wishing to establish a small business by reducing preparation time of development applications. This together with streamlining the approval process within Council, and allowing changes in the Local Environment Plan, will minimise costs to small business operators and encourage business development within the Shire.</p>							
8	Gosford City Council	Fast Tracking Small Business	1		Gosford City Council	NSW	\$226,000
<p>Project Description: This proposal will reduce regulation by redefining the statutory definitions of both "home industry" and "home business" to minimise the time and cost in seeking approvals and where possible, to eliminate the need for planning approval. This will result in considerable fee savings in the start-up costs for home-based business.</p>							
9	Penrith City Council	One stop online shop for providing assistance to home-based businesses	1		Penrith City Council	NSW	\$110,000
<p>Project Description: Development of a 'Home-based Business Assistance Hub' will create a one stop, online kiosk as a regulatory translator and compliance reference to assist small and home-based businesses on an ongoing basis. This will reduce the cost for new and ongoing business to comply with current and changing regulations, as well as providing access to information and support to encourage the business to become aware of change, and comply.</p>							
10	Pittwater Council - Submission #2	Online Development Enquiry and Assessment Project - Electronic Lodgement module for lodgement of Development Applications and associated documentation	1		Pittwater Council	NSW	\$96,000
<p>Project Description: The 'Online Development Enquiry and Assessment Project' will provide a self-help system for simplifying the lodgement of applications, currently a complex process often requiring third party consultancy support. The process will speed up the delivery of Development Applications by improving information systems and streamlining processes.</p>							
Total NSW Funding							\$7,255,367
Northern Territory							
11	Dept of Business, Economic & Regional Development	Cutting Compliance Costs - Building Better Business	1		Dept of Business, Economic & Regional Development	NT	\$361,163
<p>Project Description: The project aims to achieve increased and sustainable economic activity and more efficient processes to support growth of the small and home-based business sector in the Northern Territory through development of a number of projects including consolidation of a number of existing business registers; development of a comprehensive information package for home-based businesses; and a Business Approval Package for home-based businesses detailing the regulatory requirements and business improvement services available.</p>							
Total NT Funding							\$361,163

					Noosa Shire Council	QLD		
					Pine Rivers Shire Council	QLD		
					Redcliffe City Council	QLD		
					Redland Shire Council	QLD		
					Toowoomba City Council	QLD		
	Project Description: This project is to achieve consistency in the way the Development Application (DA) process is presented to the public, and to reduce the overall time taken for DAs to be processed in Councils. The project has three areas of focus: • to put planning instruments online; • to implement 'Risk Smart' which enables DA's to be assessed based on level of risk; and, • DA Tracking.							

No.	Grantee	Project Title	Councils	Non Councils	Parties to Application (Lead Applicant in Bold)	State	Grant
13	Brisbane City Council - Submission #2	Local Government Toolbox - South East Queensland	18		Brisbane City Council	QLD	\$2,534,045
					Beaudesert Shire Council	QLD	
					Boonah Shire Council	QLD	
					Caboolture Shire Council	QLD	
					Caloundra City Council	QLD

	Project Description: The Cairns City Council plans to standardise the lodgement and assessment process for Development Applications through its project titled 'National electronic Development Assessment'. The 92 Local Governments listed above are party to the project and represent a broad cross-section of Councils across Australia.						

No.	Grantee	Project Title	Councils	Non Councils	Parties to Application (Lead Applicant in Bold)	State	Grant
15	Eidsvold Shire Council	This project involves a Public/Local Government Matrix Database with an interface linked to the Wide Bay Burnett Region of Councils Portal.	3		Eidsvold Shire Council	QLD	\$500,000
					Gayndah Shire Council	QLD	
					Mundubbera Shire Council	QLD	
Project Description: The first stage of the project will be delivering an online system that will act as an interface between Council and businesses. The second stage of the project is integration of this system for use by every Council in the Wide Bay Burnett Region. The results include a reduction in red tape, reduced compliance burden and improved customer service.							
16	Gold Coast City Council - Submission #1	SLICE a 'Simplified Licence Information and Compliance Environment' - making life easier for small business on the Gold Coast	1		Gold Coast City Council	QLD	\$1,200,000
Project Description: The project includes a range of initiatives that will streamline processes, reduce the cost of regulatory compliance and reduce the compliance burden on small and home-based businesses. In particular, the Gold Coast City Council intends to adopt a policy where there will be no fees and charges for the application, renewal, amendment and transfer for a range of health, environment and local law related licences.							
17	Gold Coast City Council - Submission #2	Seamless Borders - building a competitive economic zone for the Gold Coast and Tweed Region	2	1	Gold Coast City Council	QLD	\$570,000
					Tweed Shire Council	NSW	
					Tweed Economic Development Corporation	NSW	
Project Description: The project aims to align and reduce cross-border regulation for small businesses and develop a single information entry point. This project will be of particular benefit to those businesses that operate on both sides of the Queensland/New South Wales border. The Gold Coast/Tweed region has also formed an alliance with Albury/Wodonga region which will mean that the benefits from this project will extend to businesses in another cross border region.							
18	Maroochy Shire Council	To foster the growth potential and sustainability of small and home-based business through the harmonisation of regulations, consistency of language, and efficient delivery of business regulations by local authorities across the Sunshine Coast region	3	1	Maroochy Shire Council	QLD	\$358,000
					Caloundra City Council	QLD	
					Noosa Shire Council	QLD	
					Sunshine Coast Business Council	QLD	
Project Description: The Maroochy Shire Council has partnered with the Caloundra City Council and Noosa Shire Council in a project to ensure that regulations and processes are consistent across the three council regions. Project outcomes include the simplification of complex processes, timely information, and the ability for businesses to track the progress of applications lodged with Council.							
19	Townsville City Council	Townsville Business Online	1		Townsville City Council	QLD	\$100,000
Project Description: The project builds on an existing online system to incorporate a health services module. This will allow businesses to access information, lodge enquiries and applications, register interests, update information, and pay fees. All of this can be done at a time and place that suits the small and home-based business operator.							

No.	Grantee	Project Title	Councils	Non Councils	Parties to Application (Lead Applicant in Bold)	State	Grant
20	Gladstone City Council	Customer Service Guarantee - Development Applications	1		Gladstone City Council	QLD	\$110,000
Project Description: The 'Customer Service Guarantee' for lodgement of Development Applications will remove the uncertainty in respect of timing and compliance costs for small businesses in obtaining development approvals. It will operate by guaranteeing an approval turn-around time which, if not achieved, will result in approximately a 20% refund of the applicant's cost in lodging an application.							
Total QLD Funding							\$19,702,069

					Wellington Shire Council	VIC	
					Whitehorse City Council	VIC	
					Wyndham City Council	VIC	
					Yarra City Council	VIC	
					Shire of Yarra Ranges	VIC	
					Municipal Association of Victoria	VIC	
	Project Description: The Victorian Extension Consortium Project (Ezybiz Online Business Regulation) will extend the scope and scale of the RRIF Demonstration project to build it into a production 'whole of Victorian Local Government' platform. The project will take the original five regulatory process transactions and extend these to up to 50 regulatory processes which are of relevance to small businesses in rural, regional and metropolitan locations. These will include, but are not limited to, land management, health and food handling and safety, permits, planning and building compliance regulations.						
27	Moira Shire Council	Implementation of web based software to facilitate the electronic processing of development applications for planning permits and the certification of plans of subdivision.	1		Moira Shire Council	VIC	\$65,000
	Project Description: This project will introduce new web based software that will automate many current procedures relating to a planning application by removing the necessity to forward hard copies between all parties. The sophistication of this system which is 'state of the art technology' will have the potential to be transferred to other Local Governments seeking to take on innovative approaches in this area.

Western Australia							
28	City of Albany	Online Licensing and Permit Service	4	1	City of Albany	WA	\$417,000
					Shire of Broome	WA	
					City of Geraldton	WA	
					City of Kalgoorlie - Boulder	WA	
					IT Vision	WA	
	Project Description: The Councils in this project will implement an online system that will allow local businesses to lodge building and health permits online and to also track the progress of these application online. This system will remove the time consuming steps of lodging and monitoring applications manually.						
29	City of Swan	Building Applications Lodgement Integration Project	5	1	City of Swan	WA	\$495,810
					City of Cockburn	WA	
					City of Rockingham	WA	
					City of Stirling	WA	
					City of Wanneroo	WA	
					WA Local Government Association	WA	
	Project Description: Establishment of a single building application portal that will create a single point for builders to submit electronic applications online. By streamlining this process and moving to an electronic environment there will be sustainable, reduced compliance costs for builders and further benefits for the local government community.						
30	Shire of Manjimup	Improved Small Business Interface	1		Shire of Manjimup	WA	\$57,075
	Project Description: The project will provide local businesses with better information and an online system enabling them to interact with Council at a time and place convenient to them, and provide more expedient outcomes to application processes. The project will result in a fundamental change to the way in which Council interacts with small business.						
31	City of Stirling	Small Business Living in Harmony with our Community	1	2	City of Stirling	WA	\$187,000
					Stirling Business Association	WA	
					Stirling Business Enterprise Centre	WA	
	Project Description: The project will deliver a package of improvements including regulation reduction, an online business regulation manual, free development information, tracking of development applications, online registration and licence applications, and information kiosk. As part of this package the City of Stirling plans to cut red tape by amending the City's Local Laws so that businesses will not have to renew their sign licences on an annual basis.
