# The Pauline Gandel Children's Gallery

The Children's Gallery is a wondrous place for babies to 5-year-olds where children explore, play and learn.

This unique gallery supports families, carers, educators and children to learn together. The exhibition experiences combine hands-on exploration and discovery, open-ended play-based learning, extraordinary immersive environments and unique museum collection objects.

### The Museum Generation

In 2017 Museums Victoria is giving every baby born in Victoria a free 6-month household membership.

To celebrate the opening of our new Pauline Gandel Children's Gallery at Melbourne Museum, and to congratulate you on the new addition to your family, we would like to welcome your family to ours with a Museums Victoria membership and this very special book illustrated by Museums Victoria illustrator and designer Jo Pritchard.

How many bowerbirds will you see on your next visit to Melbourne Museum?

From all of us at Museums Victoria.

The new Pauline Gandel Children's Gallery would not have been possible without the generous support of the Victorian State Government and Gandel Philanthropy.

Bowerbird Bill loves to build. He also loves to find treasures for his bower. Count with Bill and share his journey as he looks for treasure. Will Bill finish decorating his bower and will his friend Belle like it?

This beautifully illustrated book makes learning to count fun and celebrates a unique part of Australian wildlife.
