Use your super to fight climate change
• Affiliate project of Friends of the Earth Australia

• Vision of a future where:
  ○ Institutions invest with respect for environment
  ○ Finance is used to solve major environmental problems
  ○ Community holds to account custodians of our money

• How we work towards it:
  ○ Research
    ■ Connecting data with outcomes
  ○ Information and tools
    ■ Making people powerful
  ○ Building pressure
    ■ Creating competition among financial institutions
Why superannuation?

- $2.6 trillion industry in Australia
- Huge power to drive change by shifting investments and/or influencing companies
- Duty-bound to act in members’ best interests
- Little transparency
This is a list of all the funds profiled on Super Switch. If you do not see your fund please get in contact with us. Go to the about page to read more about the Super Switch project. To find out how we profile each fund, read our methodology section.

Data in the table refers to shares only.

STOP DIRTY BONUSES FOR FOSSIL FUEL FAT CATS!

Take Action Today. Go To: WWW.SUPERSWITCH.ORG.AU/DIGGINGDEEPER
Does your super fund:

○ Disclose all investments?

○ Invest in fossil fuels?

○ Exclude or limit any fossil fuel investments?

○ Have a climate change policy?

○ Manage climate change risk?

○ Align investments with a less-than-2°C global warming scenario?

○ Actively and publicly call on companies to align with Paris Agreement targets?
Take individual steps
  ○ Contact your fund and demand improvements
  ○ Find an option that better suits your values

Organise
  ○ Connect with like-minded people and groups
  ○ Spread information and tools
  ○ Combine to influence your fund

Publicise
  ○ Make any action you take as public as possible
     ■ We can help with this!
