WALKING THE WAY TO GO...
Shifting the dial on walkability

Yarra Ranges
HERE WE ARE.....
Great forested areas...must be good for walking.....Right?
There are suburbs in Yarra Ranges too......
Towns like beads on a string...
It is stunning.............
In some places...
A great path of agapanthus...
Beautiful bus stop and path...

......if you are very able bodied
A well planned and formed road... walking anyone?
Do not pass the agapanthus!...go directly to the road..
And more agapanthus
The fine grain.......
