Dear Treasurer

**MAV's pre-budget submission**

The MAV has prepared the attached pre-budget submission to highlight several priority financial challenges facing Victoria's 79 councils and the communities they serve.

Priority issues for the Government's consideration are influenced by the impact of recent flooding on community infrastructure and underfunding of joint State-Local service programs opportunities for improved community outcomes.

I would welcome the opportunity to further discuss any of the priority matters arising from our pre-budget submission with you.

Yours faithfully

  
CR DAVID CLARK  
President
